

## NGD01729-12 – CHANNEL ISLAND

### SCOPE OF WORKS

NSCON were engaged for the construction of a new Office building and carpark space for Power Water Corporation at Channel Island.

With special requirements for this build included sourcing specialised materials to reduce noise levels from the turbines which are in close proximity to the building.

This build required a high compliance to OH&S standards, and NSCON was able to meet and exceed this requirement, as evidenced by the Contractor Performance Report that was provided at the end of the project by the client.

**CLIENT:**

Power Water Corporation

**LOCATION:**

Channel Island

**VALUE:**

\$2,300,000.00

**YEAR COMPLETED:**

2013

**COMPLETED ON TIME:**

Yes

**LOST TIME INJURIES:**

No

**LOCAL PARTICIPATION:**

100%

**REFEREE:**

Vered Ohana  
Power Water Corporation
